### TEACHER SCHOLARSHIP 2010

Practising chemistry teachers are invited to apply for a scholarship to attend a Chemistry Conference or Science Conference - other than the annual Victorian Chemistry Teachers Conference - with a significant chemistry emphasis during 2010.

The Chemistry Education Association wishes to support at least one Victorian chemistry teacher in furthering their knowledge and expertise in the teaching of chemistry.

**CEA will provide assistance toward the costs involved in attending the conference.**

The successful applicant(s) would be expected to report on the conference to CEA and to present a session at the next STAVCON or Chemistry Conference. This report/session would focus on new directions/updates in chemistry as covered at the conference attended.

Teachers wishing to apply for this scholarship should forward

1. details of the conference they wish to attend
2. a brief CV
3. an outline of the anticipated benefits from attending this conference both personally and for Victorian Chemistry Educators in general to

**CEA Teacher Scholarship**
