PRE-SERVICE TEACHER SCHOLARSHIP

In 2009 the Chemistry Education Association will award a scholarship of \$1000 to a student who is preparing to be a secondary school Chemistry teacher. The scholarship aims to encourage and reward the best students in their pursuit of a career in Chemical Education.

To be eligible for this scholarship, students must be enrolled in *method studies* in Chemistry as part of their teacher education course and intending to start teaching in 2010.

Students wishing to apply for the scholarship should download the application form from the Chemistry Education Association website at www.cea.asn.au/news

Completed applications should be mailed to:

Mrs Penny Commons
Project Officer
Chemistry Education Association
PO Box 4142
University of Melbourne
Parkville 3052

Please note that applications close on **Wednesday 4 November 2009**.

Applications will be short-listed. Those on the shortlist will be interviewed by members of the CEA management committee or their representatives as soon as possible after the closing date.

The scholarship winner may be expected to give a short presentation at the Chemistry Teacher's Conference or the CEA Annual General Meeting in the year following award of the scholarship.
